

# THE OFFICIAL UK PUZZLE CLUB

## NEW WASGIJ RELEASES

Wasgij's have been one of the bestselling ranges of jigsaws in the UK for years. If you've done one you'll know how much fun they are. Lots of colour and detail and of course, the picture on the box is just a clue!

Here's what has just arrived

### Wasgij Christmas 10 - Mystery Shopper (2 x 1000pc)

The image on the box depicts the local department store thriving with shoppers trying to pick up the best Christmas bargains in the lead up to the big day! The store is gleaming with Christmas decorations that are hanging from the ceiling, Christmas tree and employee's costumes - but what has caught the eyes of the busy shoppers?

Is it that must-have bargain that will put a smile on their child's face? That is the image of the 'solution' jigsaw puzzle you have to piece together!

### Wasgij Destiny - Only Fools And Horses 2 (2 x 1000pc)

The scene on the box shows our good friends Del Boy and Rodney are enjoying a few cocktails and drinks down their local pub, The Nag's Head, and imagining what things will be like 'this time next year...' if they ever make that million that they've always been dreaming of.

So what do you think this scene will look like if Del Boy and Rodney happen to 'come into' that money they've always wanted? That is the image of the 'solution' jigsaw puzzle you have to piece together!

### Wasgij 'What if... Dinosaurs Still Existed? (1000pc)

The image on the box tells us it's the Natural History Open Day at the local park and the theme of this day out is - Dinosaurs in the Park. Parents have brought their little ones along to enjoy a variety of games such as, Pin the tail on the mammoth, Jump the triceratops, colours the dinosaurs and much more. But outside of this fun open day in the park, construction work still continues as 'Bronto Removals' arrive to collect some goods and a newlywed Bride and Groom enjoy a horse drawn carriage ride. But what if the children's imaginations actually become reality and dinosaurs still existed?

### Wasgij 22 - Studio Tour (1500pc)

The image on the box depicts the grand opening of the brand new tourist attraction - The Wasgij Studio's, and puzzlers from across the globe have turned up in their hundreds to be the first to step through the doors.

As the happy Wasgij puzzler's enjoy their day by riding on the open top Wasgij Tours bus and walking around the Wasgij Towers, a crowd is building at the front of the viewing area to witness something magical... but what could that possibly be?

### Wasgij Limited Edition Collector's Box Vol. 2 (3 x 1000pc)

The triple Collector's Box that puzzler's (especially Wasgij fans) have been waiting to piece together. It includes the box images of the Wasgij Original's 4: A Day To Remember, Original 5: Late Booking and Original 6: Bloomin Marvellous, making it a must have collectable set for any puzzler - let alone any every Wasgij fan. Each jigsaw puzzle is contained its own unique presentation gift box within the 'Collector's Box'

### WASGIJ, JVH and 'What if' Collectors Lists

Wasgij and JVH Collector's members should have received your puzzles by now, so please let us know if you haven't. We hope you enjoy them.

As you can tell from the above there have been quite a few new WASGIJ releases. These have always been very popular ranges for us and we always receive them as soon as they are available from the manufacturers. Some of you may not be aware that we have 'Collectors Lists' for these puzzles, whereby as soon as any new puzzles are released they are automatically sent to members on these lists so they receive them before anyone else.

We also have Collectors Lists for the popular Jan Van Haasteren puzzles and the more recently introduced Ravensburger 'What if' puzzles.

We are always very excited to hear when new puzzles are being released, however we have noted that some of them are being released in more than just single puzzles of 1000 pieces. There are 1500 pieces, 3000 pieces and in the case of Wasgij there are boxed sets of a puzzle and its solution (including some previously released images) and boxed sets of 2 x 1000 pieces and 3 x 1000 pieces. These variations obviously allow greater choice for all you Jigsaw lovers, but the down side of this is that instead of coming out in ones or twos throughout the year, the manufacturer is releasing them in threes and fours at a time. This unfortunately means that there is longer to wait between the new puzzles coming out but more importantly the associated bill becomes a little large to pay at one time, especially if you are on one or more lists or on a budget!

In the May and June newsletters we did try to alert everyone to this, but quite a few people appeared to have missed it or forgotten they were on the collectors list, so as we've sent out your new puzzles, some of you have told us that due to size restrictions, you aren't actually able to complete puzzles of more than 1000 pieces.

Because of this we need to change how the Collectors Lists work a little.

For all future releases of the JVH, Wasgij and 'What if' puzzles we will only send out single puzzles with 1000 pieces, unless you have already asked us or let us know in response to this newsletter. If you do want to order any of the larger piece counts, special editions or the multiple sets then you can do so through the newsletter.

These changes will mean that you won't receive all of the newly released puzzles automatically, but you will still receive your preferred puzzles and hopefully only one or two at a time, so keeping your costs down.

# READERS LETTERS

Having read your March newsletter in which you mention me and my new Pieces of History puzzle series, I would like to thank you for the positive and kind words. It sure would be nice if a successful jigsaw puzzle future lies ahead of me. Enthusiastic shops like yours definitely will contribute to that!

**Rob Derks**

*Thank you Rob for taking the time to contact us. We were delighted to feature your new puzzles and look forward to any new ones you may be working on. We are giving our members another chance to purchase these great puzzles this month.*

FJ19200 Pieces of History  
Stone Age - 500pc £9.00

FJ19201 Pieces of History  
Vikings - 1000pc £13.00

Thank you for my latest parcel. I wanted to say that your service is excellent. Where I have a problem, is that I like unusual puzzles and, not being on the internet, I have to rely on the selection in the newsletter. I was delighted therefore to find the puzzles from Pomegranate which I ordered and look forward to more of these little 'gems' in the future. I appreciate all that you do though and realise that you can't please everyone all of the time. You're a real benefit to 'oldies' like me. Thank you.

**Vera Speechley, Norfolk**

*Thank you for your kind words about the Puzzle Club and glad that we are getting it right at least some of the time! It is good to hear that you like the Pomegranate puzzles – we love them too as they are fantastic quality and it is nice to be able to do puzzles from different manufacturers. We are always looking out for different puzzles to feature.*

Some years ago my husband has a very serious accident at work and was left disabled with brain damage. Now he spends all day doing puzzles and he goes through 4 or 5 a week. He always has a smile on his face when new puzzles arrive. We did find the Castorland puzzles very thin so are not keen on them.

**D Harrison, Horncastle**

*We are pleased that your husband gets so much pleasure out of his puzzles, and that we are able to help with this. Thank you for your continued support. We always appreciate feedback - good or bad - regarding the puzzles so thank you for your comments about the Castorland ones, we will pass them on to the manufacturer. Other comments regarding these puzzles have mainly been positive, in particular people like these puzzles for the different and varied images. It is differing opinions which make the puzzle world so interesting.*

## WINNING WAYS

### Winner ISSUE 104

Issue 104 – Thank you for all your entries. There are 239 days between the 1st May and 25th December, so not long left to do your Christmas shopping! Congratulations to **D. Rooney** for getting the correct answer. Your jigsaw prize is on its way.

## JIG'S CORNER

Well the World Cup is in full swing but now sadly without England. At least that means more time to spend enjoying your puzzles.

With the release of the new Christmas Ravensburger 'What if' puzzle, we have had a few enquiries about their first releases so this month we are giving you another chance to buy these great puzzles.

And remember ... it does not cost anything to join any of the Collectors lists, so if you would like to be amongst the lucky ones who receive the JVH, WASGIJ or 'What if' puzzles as soon as they are released, please just let us know. Please also let us know your piece count preference and whether you are happy to receive the multiple puzzle and/or Special Edition packs so we only send the ones which you prefer.

In 1880, the introduction of the treadle 'jig' saw meant that dissected maps became known as Jigsaw Puzzles.
