Puzzle Club Selected Jigsaws

We would like to extend a very warm welcome to all of our new members, and say a big thank you to everyone who has telephoned or written in with their views on the new Schmidt puzzles.

We have received lots of positive comments about the quality of the puzzles and the colourful images, and hope to have some more for you next month. This month we are pleased to be able to offer you some of the new puzzles by Otterhouse along with a few of our best sellers from this year.

We would like to apologise to everyone who had to wait for their Falcon Jumbo puzzles due to delays in the manufacturing. You should all have received them by now.

READERS LETTERS

Following on from our letters about the Master Craftsmen puzzles, one of our members has some of these puzzles that they are no longer able to do. Remember they are the wooden ones in the Gold boxes with no pictures. If anyone is interested in them please let us know and we can put you in touch.

Although by no means all of them, I have a large collection of JVH's jigsaws and can add a few further items to look out for which he frequently includes in his images. To name but a few, there are the cat's tail (orange and white) and claws, white eyes on a black background (usually coming out of a hole!), a ghost, and best of all – a self-portrait. I also have at least 2 of his puzzles where there is no Shark's Fin, and they are Crazy Casino (special edition) and Celebrate the Inauguration although for the latter, there is what may be a smaller version of the fin beside the wheel of the barrel organ. I've no doubt other eagle eyed puzzlers will tell me I'm wrong – and where to find the missing fins – but as long as everybody gets as much enjoyment out of puzzling as I do (especially now that I have recently lost my wife and in the long, cold and dark evenings coming) – particularly JVH and Linda Jane Smith – then everybody wins. Thank you for an excellent magazine and the chances it provides to get some unusual puzzles.'

Mr Barker, Kent (via email)

Thank you so much for taking the time to write and let us know about the hidden images that can be found in the JVH puzzles. We agree it is fun searching for them and glad that you are such a great fan.

FUN FACT

The Great Depression in 1929 brought about a surge in popularity of adult puzzles, and by 1933 world-wide sales had reached an astounding 10 million per week!
