The Official PUZZLE CLUB Newsletter

At last - new puzzles from most of the major manufacturers and in decent quantities !!

- ✂ Jigs Corner
- ✂ Competition
- ✂ Readers' Letters

Finally, 2021 has started for the puzzling world! After what seems like an eternity, we have now started to receive new puzzles from the main manufacturers. We can still only order in small quantities but have been able to re-order quickly, so our supplies are starting to grow. Lots of you have told us about your own depleting stocks of puzzles and of having to redo older ones, so this is good news for us all. Remember with Mother's Day this month and Easter just around the corner, jigsaw puzzles make wonderful gifts (and sometimes chocolate is inappropriate or just too much for both occasions ...!). We can also add a message in with your puzzle if you want to buy one for us to send to someone else for you, keeping you and the recipient socially distant but letting them know you are thinking about them. It is still worth calling for us to reserve puzzles if you are ordering through the post, but even if we do not have the puzzles when you order we should be able to source them for you relatively quickly from now on, although we cannot guarantee this. Please accept our apologies if we have been unable to fulfil your recent orders.

To order any of these specials and / or any of the other products featured in this issue complete the order form below and send with your remittance payable to: The Puzzle Club Ltd. For all unlisted items, please use remaining lines in price list or add a note to your order. (If you don't want to spoil your newsletter, simply put your request on paper) Please make cheques payable to: The Puzzle Club Ltd and send to The Puzzle Club Ltd - 30 Adelaide Road, Bramhall, Stockport SK7 1LT - For all unlisted items, please add a note in with your order.

Jig's Corner

I am finally seeing new puzzles coming through the doors - woohoo! Please can you check with Mark or Juliet before ordering puzzles from previous newsletters as quite a few are now out of stock. I don't like telling them "we've none left" when they pass an order to me to fulfil and it could lead to some confusion when an order arrives which is missing some puzzles (at least this one isn't my fault) There are plenty of new designs and a range of sizes for you to pick from this month so hopefully something for everyone. I am still working on a Pomegranate puzzle from last month, I do like to do one of their quirky designs every now and again as a change. The 2x 1000pc puzzles which are advertised are from Falcon Jumbo and sold really quickly first time, so we ran out. We have now managed to get hold of some more, so they are a real bargain while stocks last.

Happy Puzzling! Jig

Winning Ways

Issue 180 Winner
Congratulations to Mrs Mitchley from Hertfordshire whose name was drawn from the successful 'JIGSAWDOKU' entries. Your puzzle will be on its way shortly.

ISSUE 181 COMPETITION
Please can you answer the following 3 'March' related questions?
1 - What did the USA purchase for \$7.2m in March, 1867?
2 - What supertanker ran aground on the Cornish coast in March, 1967?
3 - What are widely known as the TWO Birthstones of March?
Please send your entries by end March 2021 and remember to tell us which puzzle up to 1000 pieces you would like if you are lucky enough to win (with your phone number so we can call in case we don't have it!).

Readers' Letters

I am having a real struggle trying to find larger piece count puzzles - when is this likely to change?

Mr Taylor (& others via telephone)
Thank you for raising your concerns with us. The Covid-19 crisis has had a huge impact on all the puzzle manufacturers. During the first lockdown demand increased so much that their usual stockpiles were quickly wiped out. Since then, they have all been trying to play 'catch-up', manufacturing to meet demand as quickly as possible, but there is just a far higher demand for 500pc & 1000pc puzzles at the moment, so that is where they have been concentrating. Some 1500 & 2000pc puzzles are starting to appear, so hopefully the really challenging ones will not be too far behind.
