

No Jigsaw Puzzle Newsletter for April

Really sorry, but due to the Coronavirus pandemic we are unable to provide our usual newsletter this month.

We have had an unprecedented demand for puzzles since we were all asked to stay at home, so our stocks have been severely reduced, meaning we now have very few puzzles in quantities sufficiently large to advertise in a newsletter. Some of the main suppliers are also struggling to replenish our supplies and any puzzles we do receive are being quickly snapped up.

We hope to be back to normal shortly, but this will depend on how long the 'lockdown' and increased demand for puzzles lasts.

We do have a range of puzzle available in smaller quantities on our website, with most being available in the Gibsons and Pomegranate ranges.

We hope you all stay safe and healthy
