**ISSUE 208**  
JULY 2023

Thanks for your patience during our little break (we visited Lake Garda in Italy – absolutely beautiful). You'll be glad to know that we've no more planned holidays now until Christmas, so we should be able to process orders quickly 😊. The first Christmas specials have arrived from Falcon Jumbo this month and although this is very early, you might be better to grab them while they are available rather than wait until later in the year when they might be out of stock (even if you just stick them on a shelf until Winter!). Both titles have two separate 1000pc puzzles inside each box and you only pay the price of one puzzle, so a real bargain. There is also another JvH puzzle to celebrate the JvH Studio 10th anniversary, a smaller WASGIJ for those who just want to try out the concept of puzzling an image with clues rather than a solution and the long-awaited new Country Cottage puzzle. Once again we have some Sale puzzles available as we try to keep spaces on our shelves for new puzzles arriving.

To order any of these specials and /or any of the other products featured in this issue complete the order form below and send with your remittance payable to: The Puzzle Club Ltd. For all unlisted items, please use remaining lines in price list or add a note to your order. (If you don't want to spoil your newsletter, simply put your request on paper) Please make cheques payable to: The Puzzle Club Ltd and send to The Puzzle Club Ltd - 30 Adelaide Road, Bramhall, Stockport SK7 1LT - For all unlisted items, please add a note in with your order.

**FEATURED ARTIST**

*Ciro Marchetti*

Ciro Marchetti is an award-winning Italian artist originally born in the United Kingdom. He studied art at Croydon College of Art in London in the 1970s and went on to work in Europe and South America where he co-founded what became the largest graphic design agency in the region. He later transferred to the United States where in 1992 he became president of Graform International based in Miami, a design group with offices in Caracas and London.

In addition to managing his company and all the corporate work that entailed, Giro also gave workshops and lectures on digital imagery and illustration at the Fort Lauderdale Art Institute. He continues to create his own style of visionary art, and although this is produced mainly for his own personal satisfaction it enjoys public success around the world.

Giro's use of digital art enables him to combine various techniques and he loves to experiment. As well as jigsaw puzzles, his wide portfolio of highly detailed offerings includes award-winning cartoonery decks, posters, tarot-themed ceramic inlaid wooden boxes, reading cloths, bags, and kimo-no-style gowns.

His eclectic images are full of precise detail and his jigsaw puzzle images are always popular. They are often distributed by the superb manufacturer Schmidt, and we have a beautifully colourful fantasy image available for you to purchase this month - 'City in the Sky'. Grab one while stocks last!
